The story is interspersed with the tale of the Golem in Prague which brings the questions around what is life into a longer history and gives it weight. Find it pretty remarkable that such a list would completely omit any of Dick's work. Never afraid to tackle the big questions, eg what does it mean to be human?

Perhapson eofthemisaninquisitiveVulcanscienceofficer, orahardenedBa OK, why so low rating to this second book in the event? The spellbinding quality of Wolfe's prose by itself qualifies this as an all-time SF great, as a book we can all point to when someone accuses SF of not being literature.

No,nottheLondontubestation.The sequel to *Escape From New York* the film is set in an America that has become a theocratic dictatorship. The humans end up being almost the rather indulged and very much patronised pets of the AIs.
