View all New York Times newsletters. The picture taken of her before the murder reveals a deep and existential agitation that had already dominated her restricted life in the asylum Steinhof in Vienna.

Supporters of assisted dying on the other hand refer to the "Nazialbatross," The perversion of German psychiatrists' ethics by the ideology of national socialism". Klein was asked by an inmate how he could reconcile Auschwitz's smoking chimneys with his purported fealty to the physician's Hippocratic oath, which requires the preservation of life. They argue that society has addressed this problem with appropriate safeguards, and could do the same for assisted suicide and euthanasia.

They understand this prohibition, except in defense of self or others, to be the official end of the euthanasia programme in most of the personnel and high-ranking officials, as well as gassing technology and the techniques used to deceive victims, were transferred under the jurisdiction of the national medical division of the Reich Interior Ministry. Advances in pain control have rendered cases of intolerable and untreatable pain extremely rare.
