Thenumberofleersthatchanappearwithoutthetextbeingtruncatedwillvary This is to make sure that the field doesn't trap the click you are going to perform. This can be verified by examining the screenRect of the device.

Thebuonsshouldspreadthemselvesoutacrossthescreeninboththeportrait fact, for apps that are a set of single screens, as would be the case for most utility apps as well as board and puzzle games, LiveCode is better suited than other tools. We went through the steps needed to install the test bed app on both Android and iOS devices.
