The Charismatic Theology of St. Luke: Trajectories from the Old Testament to Luke-Acts .. The Holy Spirit in the Old Testament: The Charismatic Spirit of God 15 When I read Roger Stronstad's The Charismatic Theology of St. Luke, I knew that I The Gospel of Luke and the Acts of the Apostles are one two-volume book.

Bottom line: this is a book that gives me a lot to think about including reconsideration of those college experiences. I simply note that they did not regard the book of Acts as realistic or relevant. Category:FallSpirit.Stronstad remains true to his original premises - that Luke-Acts is a two-volume work by the same author; that both volumes share the genre of historical narrative; and that Luke wrote with significant theological independence, presenting a unique pneumatology that is very distinct from the more historically-dominant Pauline and Johannine views on the Holy Spirit.
