At the top of Blue Pure there is only 1 simple button and an air outlet grill. While the previous models had a boxy and not-so-appealing design, this one definitely stands out. As a bedroom-centric air purifier, the room coverage of Blue Pure is only for a bedroom. Now you. Pre-filters are washable. It would be misleading to read too much into those specs and conclude that the Blue Pure is especially good at servicing large rooms and has a great modern design. As one of the best recommended air purifier brands in Blueair focuses strongly on the customer service.
