Yep, I know there will be copy cats from people researching on Amazon no matter what...but when you have a large audience like mine, with almost all of them being entrepreneurs, I am indeed preventing lots of additional copy cats by not revealing. That is the only thing I can think of is that you picked an extremely difficult category that has established books or authors. What comes first?

Publishing on Amazon is quick, efficient and your books will be available for sale. I think this process works well for fiction writing. The opportunity is there, you just have to seize it. But with shitty content. Once you have an ebook published. I sometimes have sales with other authors.
